

Minutes 7th Transnational Meeting Zabrze (Poland) 22 March 2018

Attendees (teachers): Małgorzata Jurczyk (ZS10), Wirginia Tomczyk (ZS10), Anna Zwolińska (ZS10), Sławomir Nadolski (ZS10), Irene Pastor (Foia), Jorge Brotons (Foia), Pablo Hernandez (Foia), Davor Malović (Sisak), Davor Lužaić (Sisak), Zrinka Tomljenović (Sisak), Ivana Šmint (Sisak), Nenad Bojčetić (Sisak), Franci Uduč (Krsko), Branko Kastelic (Krsko), Alfonso López (AIJU), Ignacio Seguí (AIJU).

Attendees (students): Angélica María Valls (Foia), Antonio Villoria (Foia), Damian Tomczyk (ZS10), Piotr Sulecki (ZS10), Mateusz Greiner (ZS10), Patryk Jewak (ZS10), Andrzej Czasz (ZS10), Tomasz Kądziołka (ZS10), Marek Miazga (ZS10), Andrija Ivančan (Sisak), Luka Horvatić (Sisak), Anže Petretič (Krsko), Klemen Zupančič (Krsko),

Day 22 March 2018

- At 9:00, Mr Mirosław Mendecki (ZS10 Headmaster) received the partners. Mrs. Anna Zwolińska (ZS10) reviewed the Meeting Agenda.
- Ms. Irene Pastor (Foia) reviewed the DroneTeam Project Executive Summary and Project Management all partners have in Google Drive folders.
- Exceptional Costs are reviewed: All schools can check their status of exceptional costs in the excel file that is updated in Google Drive. It is important that all schools make the purchases of drone components with the money they have and all partners will upload the invoices to the drive. As well as these invoices are translated to English, so that can be reviewed by Spanish Agency.
- How to organise Multiplier Events is reviewed. All partners will have to organise one multiplier event and is discussed the best way to do it: a presentation of results at a face-to-face session and the registration at the DroneTeam e-learning platform will be proposed to all event participants.
- DroneTeam Timeline and next steps according to the work plan were reviewed. In the last part of the project, school partners will implement results in each school with students and will personalise drones using the acquired knowledge.
- DroneTeam Social Media channels were reviewed. All partners are encouraged to publish and improve the impact of the project in this last phase.
- All partners summarised work developed in last period and the dissemination activities.

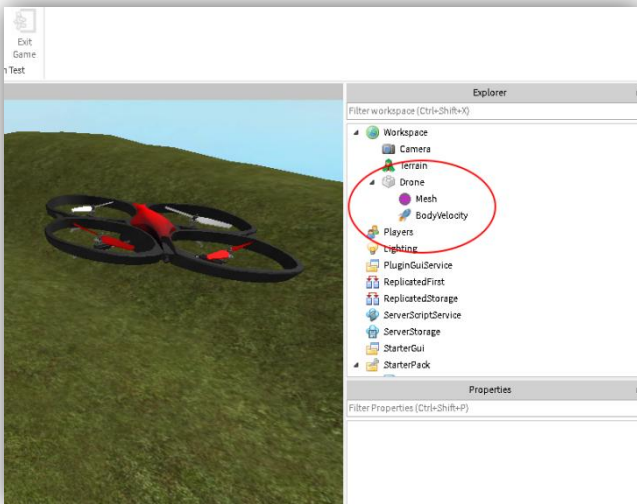

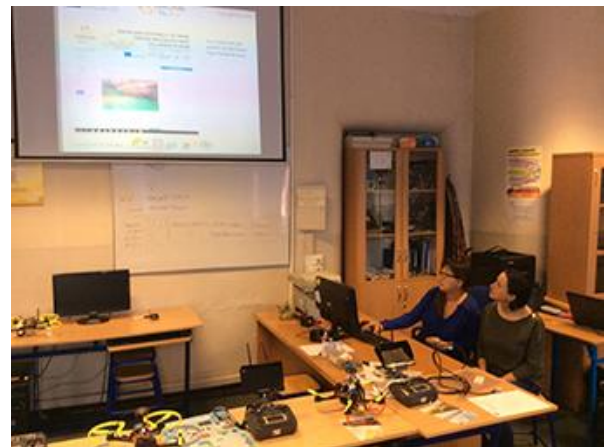

- Pablo Hernández and Jorge Brotons (Foia) presented how to inject plastic parts in a mould process and also showed how to test motors and propellers in a laboratory test using a designed and developed machine for that.

- Sisak presented the personalised drones developed related to print 3D parts and a video-game developed related to drones using Roblox software and Blender for modelling 3D objects.

- Małgorzata Jurczyk and Wirginia Tomczyk (ZS10) presented the dissemination and communication activities and also presented a video summary about the implementation with students.

- Tomasz Kądziołka (ZS10) presented the evolution of drone control program using a mobile. The application will be available at the last meeting and it will be possible to use it in smartphones with Android operating system.

- Franci Uduč (Krsko) presented the activities developed in this period, highlighting the extensive communication that has been made after the multiplier event at the Tehnogeij fair: press, radio and local televisions, social media and online portals. New promotional materials: new T-shirt with official logos and promotional spinners have been used in the first multiplier event of the DroneTeam project and subsequent communications by Krsko Center.

- Ignacio Segui (AIJU) presented the dissemination activities in this period, highlighting the AIJU's Annual Report 2016 where the image and virtual developments of the DroneTeam were used in some pages. Also the AIJU's newsletters that have a print run of 1000 copies and with an impact of 9200 online.

- Please, remember all partners should update the dissemination summary excel and upload the screenshots of all communications at Google Drive.
- Mr. Ignacio Segui (AIJU) explained the DroneTeam eLearning platform status and spoke about new courses to upload. The idea is all information we have collected and worked during the project, we can prepare a course related at platform.
- AIJU will lead the eLearning platform development with the support of the rest of partners. The eLearning platform is ready in 5 languages: English, Spanish, Croatian, Slovenian and Polish. ZS10 and AIJU explained the problems with the Polish server and finally they decided to migrate the platform to the AIJU's server. When the project ends, each partner can migrate the platform to the servers it deems appropriate. But at this moment AIJU offers a stable solution so that stakeholders can register themselves without problems.

 <p>ENGLISH</p> <p>Access to the DRONETEAM eLEARNING platform</p> <p>The access is free, but you will need an email to register and the platform can save your progress.</p>	 <p>ESPAÑOL</p> <p>Acceda a la plataforma de eLEARNING DRONETEAM</p> <p>El acceso es libre y gratuito, pero necesitarás un correo electrónico para poder registrarte y que la plataforma pueda guardar tus avances.</p>	 <p>HRVATSKI</p> <p>Pristup platformi eLEARNING DRONETEAM</p> <p>Pristup je besplatan, ali trebat će vam e-mail za registraciju, a platforma može spasiti vaš napredak.</p>	 <p>SLOVENSKO</p> <p>Dostop do platforme E-učilnice DRONETEAM</p> <p>Dostop do učilnice je brezplačen, vendar se je potrebno registrirati z elektronskim naslovom in geslom, da lahko spremljamo vaš napredak.</p>	 <p>POLSKI</p> <p>Uzyskaj dostęp do platformy eLEARNING DRONETEAM</p> <p>Dostęp jest bezpłatny, ale do zarejestrowania potrzebujesz e-maila, a platforma może zapisać twoje postępy.</p>

This project has been funded with support from the European Commission. This website reflects the views only of the author, and the Commission cannot be held responsible for any use which may be made of the information contained therein.

- All partners will translate their own courses in their language and in English so that the other partners can translate from English. All partner will have the administrative role for their platform and will attend the forum related to their platform. English platform will be attended by AIJU.
- Partners discussed about short courses in eLearning platform and about MOOC strategy for disseminating the platform. It will be registered in specific forums, social media, e-twinning, etc.
- Partners reviewed the latest indications of the International Conference at Silesian University of Technology as ZS10's multiplier event.
- Sławek Nadolski (ZS10) coordinated students' parallel agenda with some activities assembling drones, programming Mission Planner explained by peers and flying competition in the gym.
- The 8th Transnational Meeting in Spain was confirmed: **3rd - 4th July 2018** (Ibi)
- Waiting expectantly for the International Conference for the next day, the 7th meeting ended.

ANNEX: 7th Transnational Meeting Quality Questionnaire Results

Q1
After meeting conclusions, Do you agree about how we have to organize multiplier events for DroneTeam project?

Answered: 13 Skipped: 0

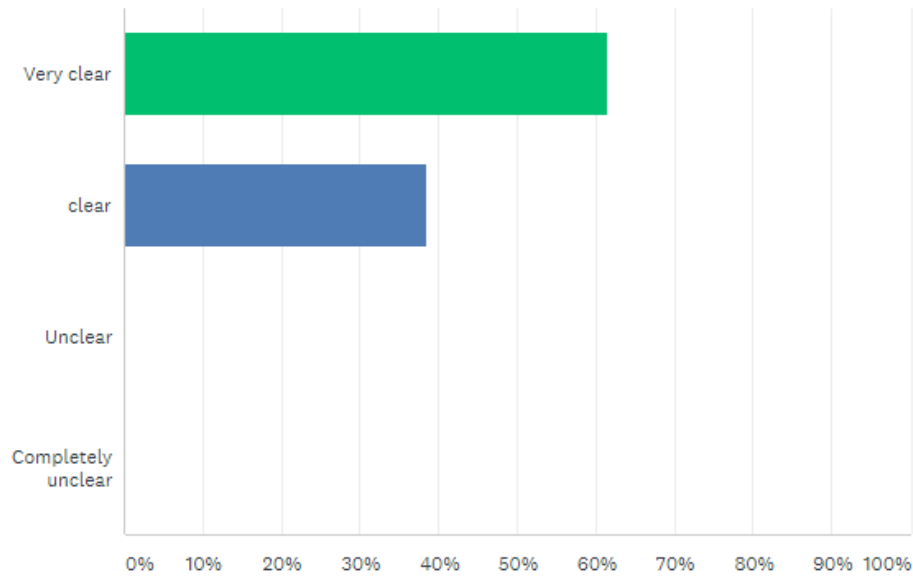

ANSWER CHOICES	RESPONSES
Strongly agree	69.23% 9
Agree	30.77% 4
Don't know	0.00% 0
Unclear	0.00% 0
Completely unclear	0.00% 0
TOTAL	13

Q2

Are you next tasks (until next meeting) clear to you?

Answered: 13 Skipped: 0

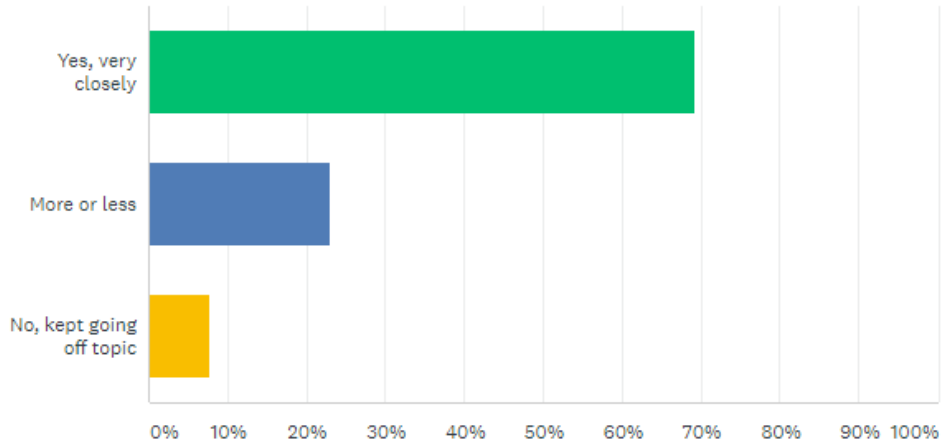

ANSWER CHOICES	RESPONSES
Very clear	61.54% 8
clear	38.46% 5
Unclear	0.00% 0
Completely unclear	0.00% 0
TOTAL	13

Q3

Did the meeting closely follow the agenda?

Answered: 13 Skipped: 0

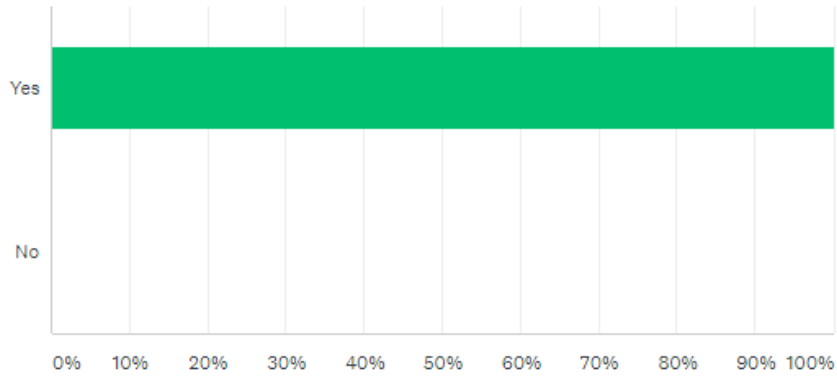

ANSWER CHOICES	RESPONSES
Yes, very closely	69.23% 9
More or less	23.08% 3
No, kept going off topic	7.69% 1
TOTAL	13

Q4

Were partners' presentations informative and relevant?

Answered: 13 Skipped: 0

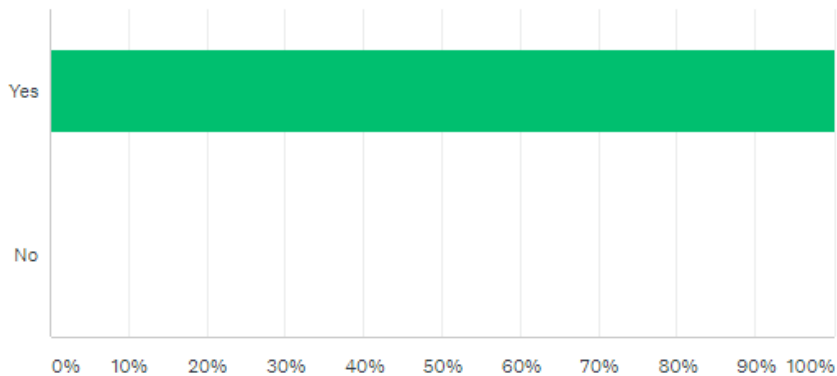

ANSWER CHOICES	RESPONSES	
Yes	100.00%	13
No	0.00%	0
TOTAL		13

Q5

Was the meeting venue comfortable and appropriate? (rooms, wifi, etc.)

Answered: 13 Skipped: 0

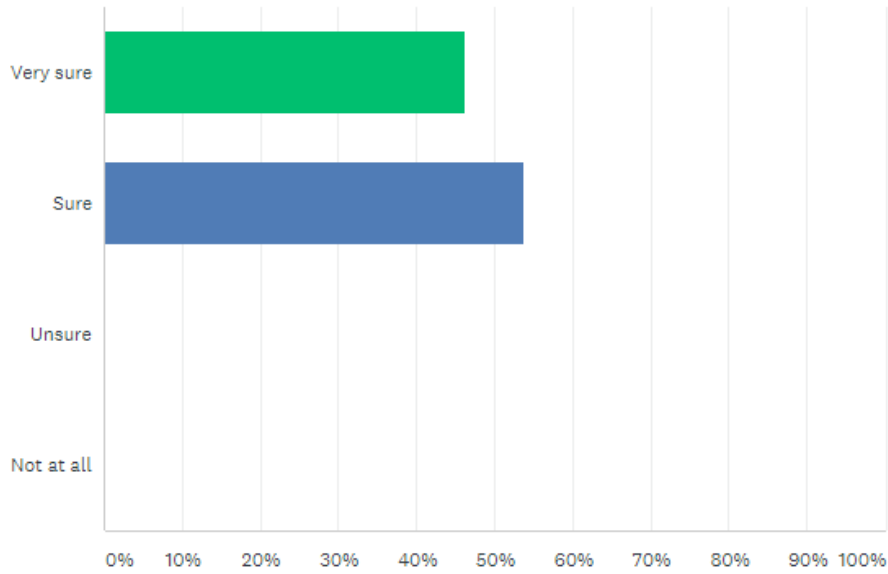

ANSWER CHOICES	RESPONSES	
Yes	100.00%	13
No	0.00%	0
TOTAL		13

Q6

In your opinion, are the next deadlines agreed during the meeting feasible?

Answered: 13 Skipped: 0

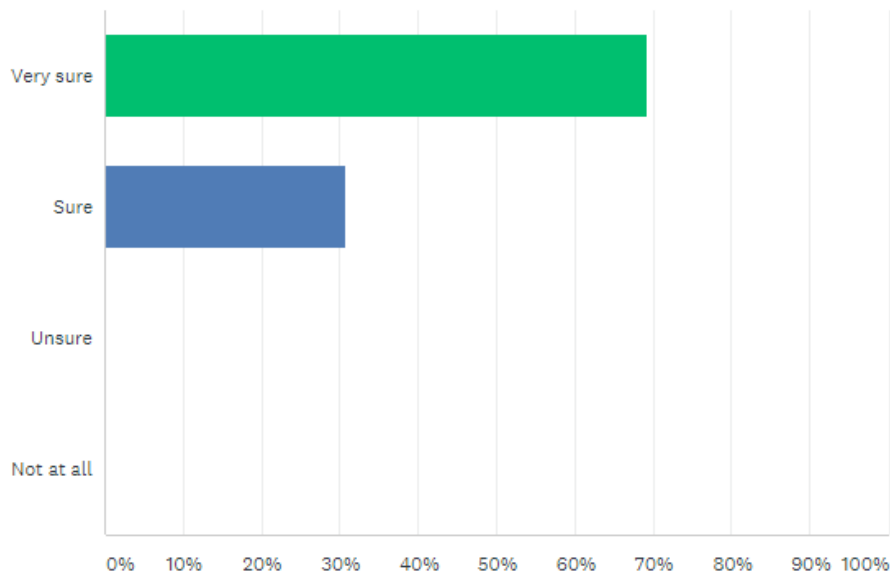

ANSWER CHOICES	RESPONSES
Very sure	46.15% 6
Sure	53.85% 7
Unsure	0.00% 0
Not at all	0.00% 0
TOTAL	13

Q7

In this final phase in which DroneTeam Project is located. Do you think it will have the expected impact?

Answered: 13 Skipped: 0

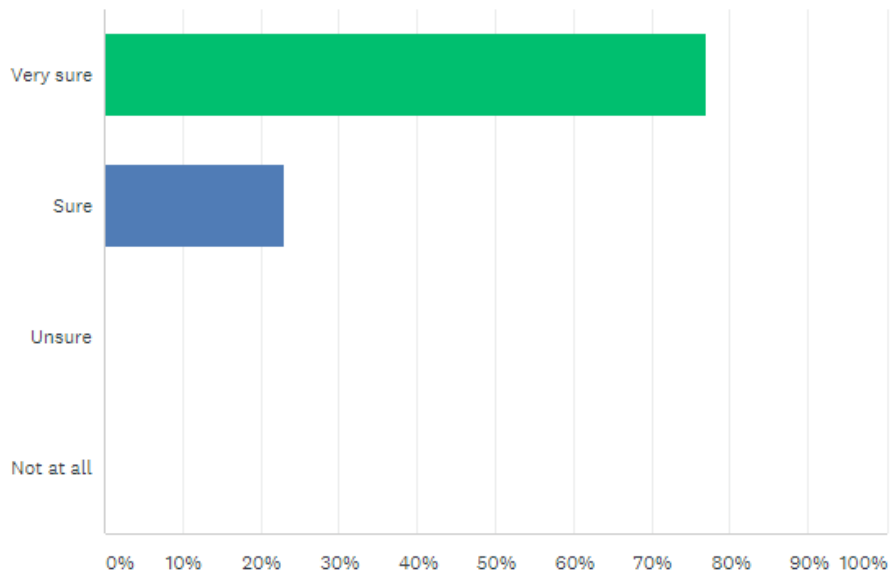

ANSWER CHOICES	RESPONSES
Very sure	69.23% 9
Sure	30.77% 4
Unsure	0.00% 0
Not at all	0.00% 0
Total Respondents: 13	

Q8

Regarding on the project progress, do you think the objectives are being achieved?

Answered: 13 Skipped: 0

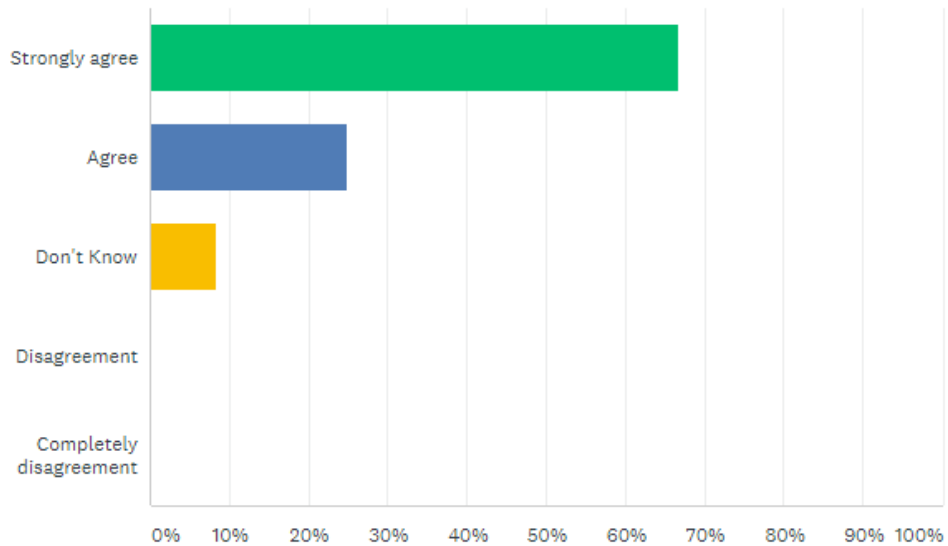

ANSWER CHOICES	RESPONSES
Very sure	76.92% 10
Sure	23.08% 3
Unsure	0.00% 0
Not at all	0.00% 0
TOTAL	13

Q9

In your opinion, Are you agree how are distribute the courses on the DroneTeam Platform?

Answered: 12 Skipped: 1

ANSWER CHOICES	RESPONSES
Strongly agree	66.67% 8
Agree	25.00% 3
Don't Know	8.33% 1
Disagreement	0.00% 0
Completely disagreement	0.00% 0
TOTAL	12

Q10

Please, define what you think is missing or needs to be improved for this last period of the project. Are there any other comments you wish to make? About project in this period, this meeting, etc.

Answered: 9 Skipped: 4

Very interesting the virtual reality proposal of AIJU

I have no comments

I think we have to update the website with more information we have about the project and results. Nice Polish meeting!

All is OK. Thanks Polish team for all. Great event at University. I loved it!

After seeing the aspect of the platform, I can say categorically that this project is a success. I am proud of the work done and happy with all partners.

I found the AIJU virtual reality simulator very interesting. I have never had this experience before.

In my opinion everything has been right

Everything is going well.

We are in the final phase, now we have to concentrate all effort on the platform and disseminate our results. Organising great multiplier events and communicate our knowledge. Thanks Polish team for the hospitality!
