

Transnational Meeting no. 6 Krsko (Slovenia)

Review Work Plan

Prepared by AIJU

DroneTeam Project:

9 DroneTeam Intellectual Outputs:

OER -1- Basic Toy drone frame Basic Drone

OER-2 - Module of Flight Control Multiplier
Event: Krsko

OER-3 - Module of Communication Control

OER-4- Module of Advanced frame Advanced
Drone

OER-5- Module of GPS/Compass Control Multiplier
Event: Foia

OER -6 - Module of Problem Management

OER-7 - Module of Flight Stabilization System

OER-8 - Module of First Person View

O9: MOOC Course. Multiplier events: ZS10, Sisak, Krsko, AIJU

In summary: For last year of the Project we will work in:

- Personalised Drones in Schools
- Write the IOs (1st -8th) =>License as OERs
- 9th IO - Do it Yourself (MOOC)
- Multiplier Events (we have 6 ME)
- Communication & Impact actions

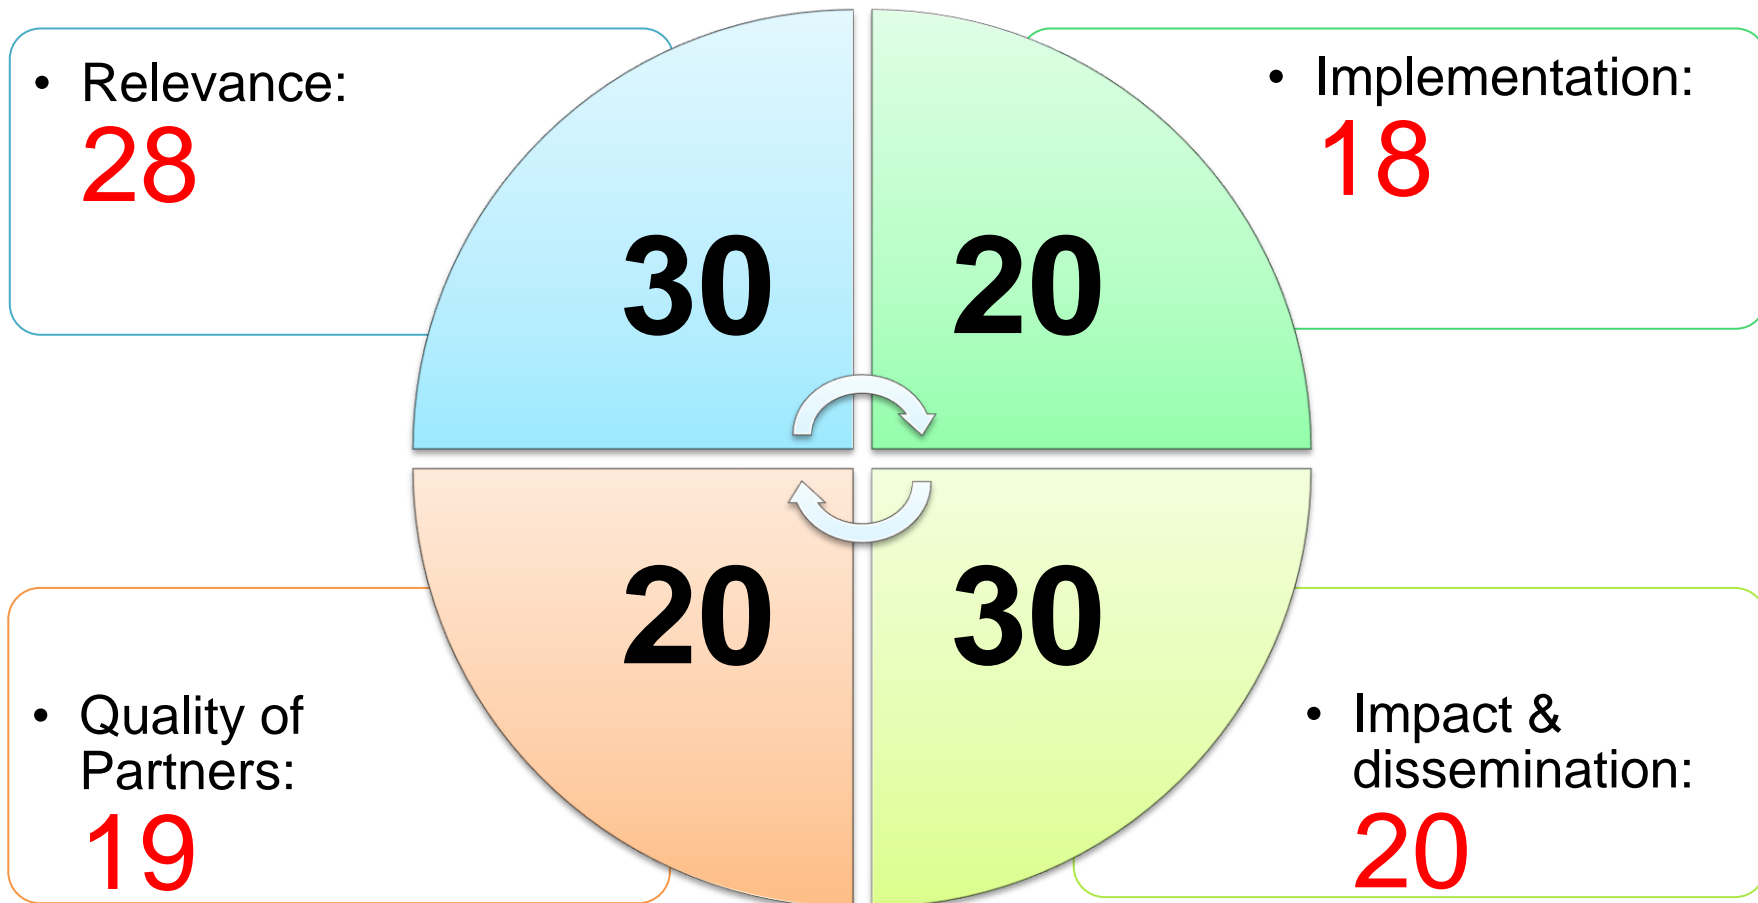

*MOOC = Massive Open Online Course

*OERs = Open Educational Resource

*IOs= Intellectual Outputs

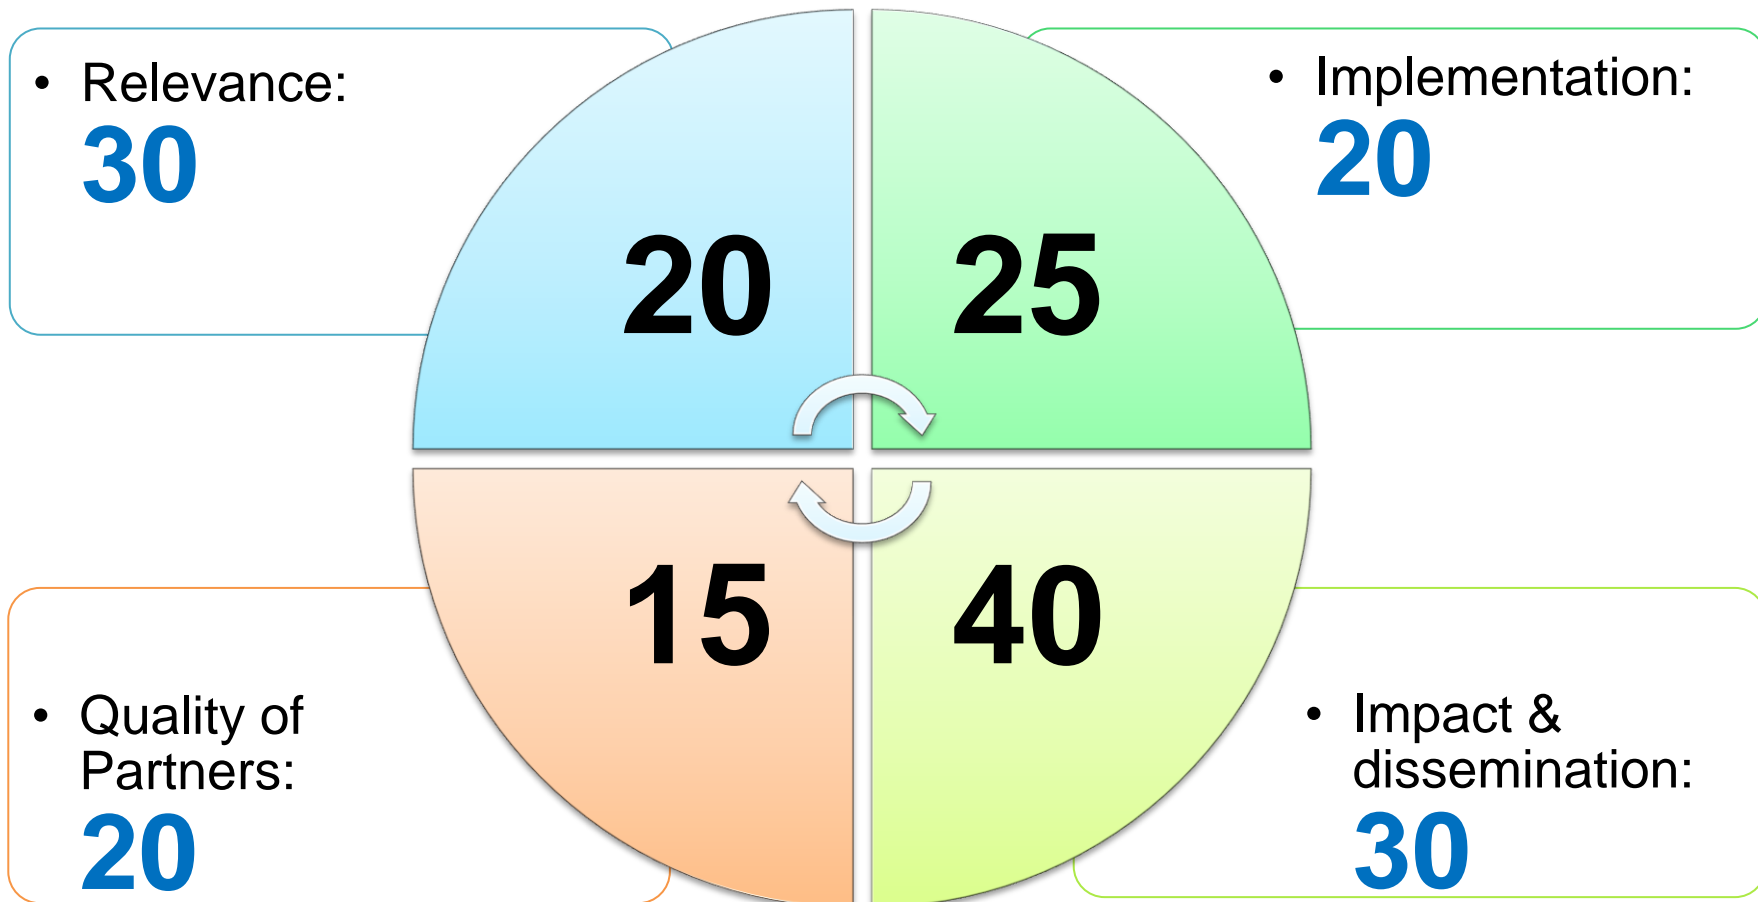

Remember the evaluation of Application Form (AF): Score **85/100**

In the Evaluation of Final Report the scale is different:

Multiplier Event

- We have to collect:
 - Name and surname of participant,
 - E-mail of participant,
 - Signature of participant,
 - Institution of participant,
 - Address of participant' institution
- Satisfaction questionnaire will be filled by all participants.
- Certificate for all participants

Remember: the Multiplier Events (ME) are not dissemination:

These are activities to implementation of the Intellectual Outputs and we have an specific budget
Participants in ME can not belong to the project partners.

For dissemination we use the Management and Implementation budget
